Impossible to get any sleep

The traffic noise from the Seven-11 store located on Sunnyoaks near Winchester has the residents ready to go out of their minds! The squeal from the tires of the steady stream of cars goes on 24 hours a day. It is impossible to get a night's sleep. To make matters even worse, Green Valley Disposal is back to their violation of 3:30 a.m. trash pick-ups in the same area. What can be done to get the noise level down so we can get the sleep we need? How come the hours were changed by Seven-11 to 24 hours a day, when they agreed to 7 a.m. to 11 p.m. before they could build in here?

BREAKDOWN ON THE WAY

Editor's note: There were a number of questions in your note and I think we have an answer to them all. First, according to Phil Stafford, senior city planner, the convenience store was

Violation or no violation ...that is the question

TRUSTEES OF the West Valley College district will be seeking a second opinion about whether they violated the Ralph M. Brown Act by using a phone poll to settle a question regarding the summer school program. A first opinion, by the state legislative counsel's office, says they did.

The college board originally took action on June 15 to hold a summer session, with some modifications. Over the weekend board members were polled and a consensus was reached to reinstate the entire summer schedule.

Under the Brown Act, trustees are required to make decisions at open, public sessions which have been announced 24 hours in advance.

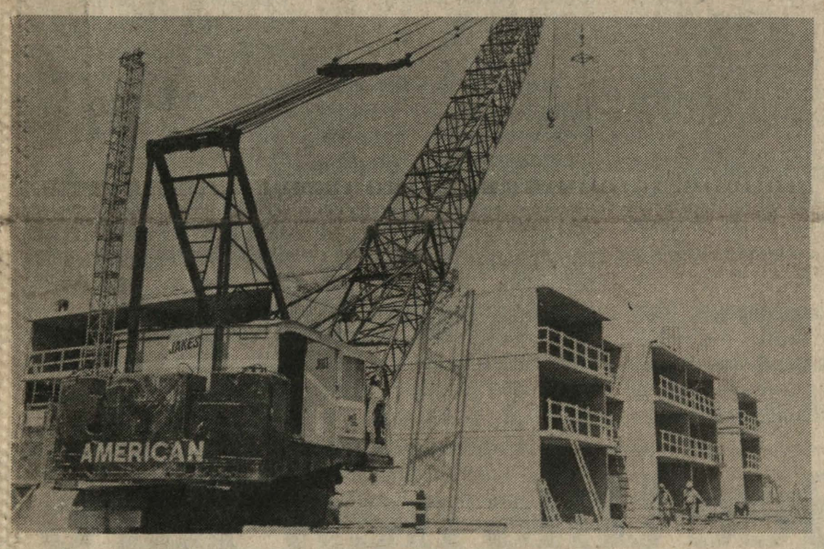
Trustee Foster Lopes raised the legal question through State Senator Jerry Smith's office and that action came in for some sharp criticism from another board member last Thursday.

"I CAN ONLY attribute your (Lopes') actions to political motives," Robert Sorensen told his colleague adding, "there was no opportunity for input by any of the five board members."

Trustee John Cantlen stated he is not an attorney and can't say whether the polling was a violation. "This has created a lot of dissention on this board and we would do well to pay attention to this in the future," Cantlen added.

LOPES requested the report from the state office be included in the minutes of the meeting. "My sole purpose of this report is to have it included as an official part of our minutes," he explained. "I have no intention of pursuing the issue any further."

But the board as a group, will be pursuing it further. They voted unanimously to form an ad hoc subcommittee to prepare a majority report which will be submitted to county counsel for legal opinion as to "whether the board did in fact violate the Brown Act."



An instant high rise is under construction on Winchester boulevard with workers hoisting an additional floor every two days onto the reinforced concrete structure. Wesley Manor, a federally subsidized apartment for senior citizens, will eventually reach 12-stories. Last last week work was underway on the fourth floor. By today the sixth should be in place. While the foundation work was going on locally in May and June the prefabricated building sections were being prepared in Southern California.

Campbell council support

Anti porno campaign

By PAT SAFFORD

CAMPBELL CITY councilmen unanimously gave their support for a statewide anti pornography initiative Monday night and has asked the Chamber of Commerce for an assist in circulating petitions locally.

The initiative, known as "Abatement of Moral Public Nuisance Law" would give local cities control over pornographic newsracks, pornographic bookstores and theaters and houses of prostitution "which masquerade as nude model studios or massage parlors." At present cities have little control over such operations.

The only "public nuisance" in Campbell, which would be covered by the intitative, is two newsracks in front of the Campbell Post Office which dispense sexually explicit tabloids. The Campbell Police Department has received complaints about these racks and has investigated. Copies of these papers have been taken to the district attorney's but, according to police, so far all editions have failed to meet the requirements for prosecution legally.

DEADLINE SET by the state committee for collecting signatures is August 8.

In other business Monday night the Council:

• Set Friday, September 1 as the deadline for receiving applications for a post on the Campbell Planning Commission. At the last meeting councilmen decided to pick the replacement for Don Hebard, who did not seek reappointment, from four applicants who sought the post when a vacancy occured in June. Councilman Rusty Hammer proposed Madge Overhouse for the spot, but there was no second so the motion failed. There was also no second to the motion when Councilman Podgorsek proposed Don Guditus and when Councilman Ralph Doetsch moved to appoint Roger Freeman.

• Set a special meeting with the Campbell Community Seniors for Monday, August 7 at 7:30 p.m. Monday night councilmen received a letter from the local senior group, concerned about the lack of action on their request for a temporary senior center. They were also critical of the council's swift approval of funding for the Campbell Progressive Seniors while taking no action on their request. Officials said earlier they would reconsider the funding request during final budget hearings in August.

• **SOLD A** surplus piece of city property at 161 Grant st. to Rev. Foster H. Shannon, after a lively bidding session, for $29,500. The minimum bid acceptable was $17,000 and the city received four written bids above that amount by the 2:30 p.m. deadline Monday. After the highest written bid was read, $21,200, oral bids were accepted from the audience and Norman Sigler and Shannon took turns raising the bid until Sigler dropped out at $29,500.

• Delayed a decision on whether or not to continue the annual Fourth of July celebration at John D. Morgan Park until the August budget sessions. The Civic Improvement Commission has recommended that the celebration be continued with citizen donations paying for the aerial fireworks and the city picking up the balance of costs, including overtime pay for employees.

Not all homes in the Whiteoaks, Redding, Shelly area are your typical, well kept suburban dwellings. Residents charge that some, like the one above, are an eyesore. By allowing multiple dwellings along the Redding road area, these property owners argue, the neighborhood will eventually get a face lift. Last week opinion was divided almost equally as Whiteoaks area residents attended a Campbell Planning Commission session. After the two-hour session commissioners voted to recommend the present low-medium density residential zoning remain. Earlier, they had proposed changing this area to low density residential.

Rezoning plan sparks reaction

Whiteoaks residents pack meeting

By CHUCK HILDEBRAND

IF THE Whiteoaks road-Redding road area is ever annexed to Campbell, its zoning should remain medium to low-medium density instead of low density revised.

The Campbell Planning Commission Tuesday revised a previous recommendation and voted 6-1 not to amend the Land Use Element of the General Plan for the area.

Commissioner Don Hebard, in his last meeting before he steps down August 1, cast the lone dissenting vote.

The commission heard from a number of area citizens on the matter, which consumed about two hours of a four-hour meeting.

Joseph Laurita, 115 Shelley ave., claimed that the downgrading would reduce the value of his property and prevent him from getting any financial return on it.

Another area resident, Diane Fowler, 1454 Parsons ave., countered with the contention an already bad traffic problem in the area will get worse and that, without low density zoning, the quality of life in the neighborhood would diminish.

MIKE BARBER, 90 Redding rd., said that in the year he's lived in the area he's been involved in six traffic accidents and that the problem "will get worse and not better" if the zoning isn't downgraded.

But Laurita said that in his three years there he'd never been close to being hit. "How much more traffic can a few more apartments cause?" he asked.

Bill Brown, 104 Redding rd., said that most of the traffic comes from Bascom avenue or Los Gatos and not from the area in question. He added that, in his opinion, the industrial zoning on Whiteoaks had caused the problem and that the road hasn't been improved substantially since he moved there in 1961.

Commissioner Hebard noted that whatever decision the commission made on the matter, there would be grumbling from somebody.

"How do we pick one land use to apply to a community with so many types of land use already? We can't, but we must," Hebard declared.

SEVERAL MEMBERS of the audience of about 50 persons complained about the city being involved in the first place, since the area is unincorporated although it is within Campbell's sphere of influence.

But Hebard said thcommission was merely complying with a state mandate to declare a zoning intention for the area.

Low density zoned areas may have an average of no more than six housing units per acre, while medium-low zoned areas may have up to 13 and medium areas may have as many as 20. Apartments can be erected in medium-zoned neighborhoods.

In another action, the commission voted 4-3 to allow a nine-unit townhome project on West Rincon avenue, which already has a number of similar projects either under construction or pending.

Commissioners Hebard, Dan Campos and Chairperson Margaret Pack voted against the proposal, expressing concern with the lack of open space in the area.

But Planning director Art Kee noted that proposals for apartments and other higher-density housing for the parcel have already come before the Commission, and observed that townhomes are preferable to apartments because they are generally maintained better and bring fewer people into the area.

The commission also:

• **APPROVED MARVIN** A. Bamburg's plans for 19 condominium units at 134 W. Rincon ave. after commissioner George Vierhus said that the developer had met parking requirements for the area.

Continued for 30 days Carlos and Maria Perfecto's proposal for two residential units at 109 S. Fourth st.

• Continued until August 8 Alfred Wilson's application for approval of construction of six townhomes at 257 W. Rincon ave.

• Continued until August 1 a proposal by May Investment, Inc. and the City of Campbell for zoning changes in the McGlincey lane-Union avenue areas.

o Continued until August 8 referral from the city council to consider revisions to the Circulation Element of the General Plan.

• Continued referrals from the city council regarding sign controls for residential conversions, parking space requirements for condominiums and closure of schools.

LOCAL GIRL ATTACKED

Los Gatos police are seeking a suspect who allegedly abducted a Westmont High School student at knife point, drove her to a service station parking lot where she was attacked, and later left her in the parking lot of a savings and loan company at Campbell avenue and San Tomas Aquino road.

The victim told police she was forced into the man's car as she walked along Wedgewood avenue, near Pollard road, about 9 p.m. last Friday.

SHRIMP LOVER?

Owners of Komatsu restaurant, 93 S. Central ave., reported a burglary July 17 with a loss estimated at $247.

Included in the theft was six large boxes of shrimp valued at $150.

CAMPER BURGLARIZED

A Santa Clara man went to a Campbell camper storage yard last Tuesday to get his camper ready for a vacation trip and discovered the vehicle had been broken into and $500 in valuables missing.

Included in the list of missing items were CB radios, fishing reels, a fire extinguisher and an electric razor.

SURF SHOP BREAK IN

California Surf Shop, 1386 White Oaks road, was reportedly broken into last Thursday.

Found missing was $500 worth of water skis and skateboards.

CAMPBELLITES escaped to the beach, a shady tree or a water cooler last Friday as the temperature climbed into the 90's. More of the same was forecast for this week. (Another impression brought to you by The Silent Company.)

given site approval by the Planning Commission on Jan. 18, 1971. No use permit was needed because it is in a C 1 S zone and there are no conditions regarding the hours of operation. Battalion Chief Sal Leonardi of the Campbell Fire Department said Green Valley can legally make their pick-ups on commercial properties during the early morning hours and that they often try to adjust their schedule when complaints are received. He's notifying Green Valley. A spokesman for the Campbell Police Department said "the business is not responsible for the people who frequent their place." However, one of the city people contacted said he felt one reason for the squeal of tires is the poor visability for traffic pulling out of the store parking lot caused by a hedge of private property nearby. This causes cars to "really lay on the gas" to get out onto the street safely, he said. The Public Works Department will be looking into this possible problem and, if there is an obstruction, will be asking the property owners to correct it.

You had a statement in your school district cutback story that appears to be a gross error. "Every student, in computing class averages, totals more than $220,000 in teacher salary costs." That can't be right. I talked to my neighbors about it and they didn't understand it either.

H.K.

Editor's note: The statement was correct. The explanation was clear as mud. I'll try again. Let's take next year's district average class size of 26 students. If the district was to reduce that average by 1 (to 25) it would require 13 additional classroom teachers. The average teacher salary, plus benefits and excluding retirement, is $19,975. For 13 teachers that equals $259,675 (Our estimate of "more than $220,000" was conservative).

I'm opposed to cutting out the busing of students. Our local school was closed. What is my child suppose to do now, walk 3½ miles to school? Also, the district just bought new school buses. What would the district do with these?

CONCERNED PARENT

Editor's note: The decision on which cuts will be made is up to the school board. A public hearing on the budget was scheduled for last night (July 26). Superintendent Walt Hauss said earlier if transportation is dropped, those buses will not be purchased by the district.

Right now there's a lot of new construction going on in the San Tomas area and I'd just like to know where all these new kids are going to go to school when they close San Tomas? Sure, Capri can take care of some of them. Just how many new apartments or homes are planned for this area. Also, I understand some big developer has offered to buy the San Tomas School property for a big price. Is this true?

THE QUESTION LADY

Editor's note: According to Supt. Hauss, there have been no offers to buy that land. The Campbell Planning Department reports three developments have been approved for that area, most are townhouse units with two, and a few three, bedrooms. Half of the 55-unit project on Pollard at More avenue is now under construction. Also underway are 40 townhomes on Pollard at Burrows road. Already completed are 13 homes on Pollard at Abbott. No apartments have been approved for that area, the city says.

I don't understand why the city had to put up so many bike path signs along Los Gatos Creek. It seems like you see one every few feet. One at the beginning and one at the end of the bike path would be enough.

A CYCLIST

Editor's note: According to Joe Elliott, director of public works, there are several signs along the creek trail, "but we don't think it's an excessive amount." People enter the trail from several spots and the signs are intended to warn pedestrians as well as inform bicyclists, Elliott added.

I wanted to have my daughter finish school at her neighborhood school. But, when I found out this isn't possible (that school is slated for closing), I thought at least she'd receive the benefit of being bused to the new school. And what do the working parents do? Leave their kids out on the corner and say, "Good luck. I hope you make it home?" It's not the inconvenience I object to it's the safety factor. Also, with noon duty supervisors cut out, who is going to supervise the kids at lunchtime? You wrote about it before and I really agree . . . they all are using Proposition 13 to cover all kinds of sins.

UPSET PARENT

Editor's note: We had received six calls by last Friday afternoon, all very critical of some or all of the cutbacks proposed by the Campbell elementary district administration. At the July 26 public hearing officials were reportedly going to propose charging 10 cents per ride on the school buses to help defray part of the costs. Complete coverage of that meeting will be in the August 3 edition. In answer to your question about the noon duty personnel Ron Rescigno, assistant superintendent-personnel, said if it is decided to drop them the administration will bring up the possibility of having teachers supervise students during negotiations with the teacher representatives.

Planners eye zone changes

A public hearing on zone changes in the Crockett avenue, Pollard road, Smith avenue and Van Dusen lane areas comes before Campbell planning commissioners at their Tuesday, August 1 meeting. Sessions start at 7:30 p.m. in the Council Chamber, 75 N. Central ave.

The zone changes, from multiple family residential to single family residential, are being made to conform to the change in the city's General Plan for those areas which became effective July 26.

Also on the Tuesday night agenda are several continued public hearings including plans for five townhomes at 257 W. Rincon ave. by Alfred M. Wilson; a request for a zone change from medium density residential to planned development/medium density residential by Tomas Schwoob and Spencer Profit for 338 W. Rincon ave.; the long continued plans by Campbell Building and Investment Company, Inc. for an office building at 54 N. Central ave. and plans for a warehouse and office facility at 116 Railway ave. by Hans Peisker.

Marvin Bamburg is seeking architectural approval for plans to add a duplex on to an existing single family home at 236 N. Central avenue and the staff will report on traffic conditions at Redding and Whiteoaks roads.

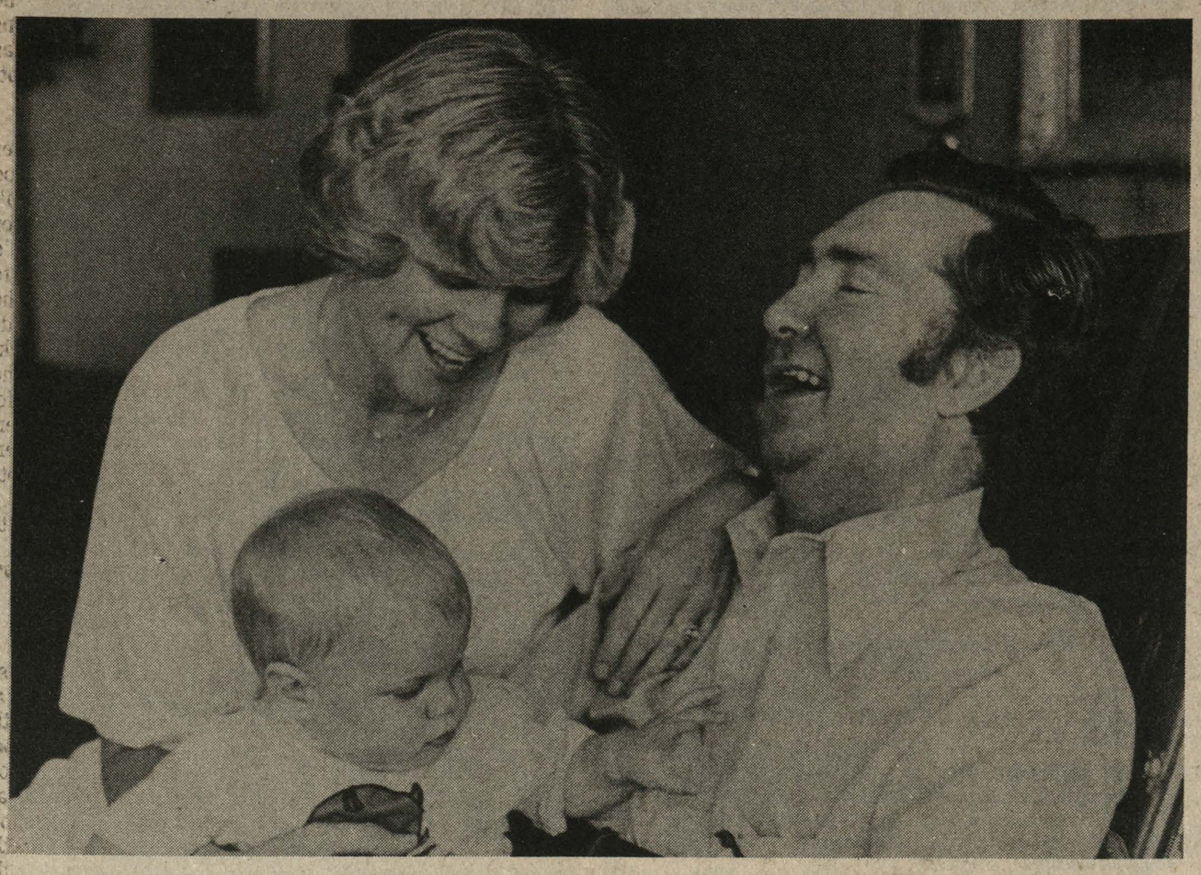
Former police chief

John Morgan enjoys his family, visitors and keeping an eye on local happenings



PROUD GRANDPARENTS Connie and John Morgan enjoy a visit with 8 month old David, son of Connie and Craig Newberg. Connie, 23, is the oldest of the eight Morgan children. Seven years after suffering a major stroke, Morgan, former Campbell police chief, is still almost totally paralyzed but has managed to write many books and articles (with the help of his wife) and has kept up with local events. The city's largest park was named in his honor, a distinction he still finds puzzling. "Oh, he's just too modest," his wife, Connie, explains.

By VICKI JOHNSEN

SEVEN YEARS have passed since former Campbell Police Chief John D. Morgan suffered a major stroke that left him almost totally paralyzed.

Since that date in 1971, the popular Campbell man has managed to fight the effects of the disability and keep in touch with what's going on in the community.

Over the years, Morgan, 47, has written so many books and articles he has "lost track," continued regular meetings with many Campbell police officers, and has kept up on local events by reading city meeting minutes, reading newspapers, and by watching the news on television.

Morgan and his wife, Connie, are the parents of eight children; Connie, 23, John, 22, Kathy 21, all married; Maureen 20, Tim, 19, Jamie, 17, and twins Jane and Fran, 14.

Morgan considers his favorite times the ones spent with his family. He also enjoys watching television, particularly quiz shows, news, and comedies.

Since suffering the stroke, Morgan has been unable to speak, so he and his wife developed a very unique way of communication.

MORGAN COMMUNICATES with his eyes. When asked questions he answers "yes" by blinking or "no" by looking up. To compile sentences Morgan signals letters to his wife as she rapidly goes through the alphabet. The Morgan children also communicate with their dad using the alphabet sign language method.

Despite the former chief's paralysis, his mind is alert, quick and totally unimpaired. He engages in as many intellectual projects as he can and considers his most ambitious undertaking a text on police procedure he authored.

John and Connie Morgan's excellent rapport was evident in a recent interview. While explaining a system of police work John spelled out "suppervisor."

"Dad, you spell supervisor with only one P," his wife corrected.

The Morgan family spends most Fourth of July holidays at the park named in his honor on W. Rincon ave. Although he said he "is very pleased" with the park Morgan still wonders why the city chose to dedicate it to him.

"I think it is a great honor to the entire police department," Morgan noted of the dedication.

REGISTERED NURSE Bertha Cummings has been with the Morgans for the last seven and a half years. She is there weekdays 9 a.m. to 5 p.m. and she, too, understands Morgan's unique communicating method.

About once a week Morgan's wife takes him for a drive in his specially equipped van with a hydraulic lift.

Morgan suffered several bouts with pneumonia after the stroke. Fortunately, he has only had the disease once in the last four years, his wife explained.

In a recent interview Morgan said he was glad the people of Campbell pitched in to pay for the July 4 aerial fireworks at the park after they were cancelled along with other budget cuts.

"Since 66 percent of the people voted for Jarvis-Gann, the slack must be taken up by the people," he added. Morgan was one of those who voted for Prop. 13.

"Although it may appear a bit drastic," he explained, it is a step in the right direction.

As often as possible the former chief meets with several Campbell policemen for discussion. "I refuse to give advise," he said, "because I am no longer the man in charge." He added, however, that he does share his opinions.

MORGAN FEELS the present Campbell Police Department system could be improved. "One thing I see really wrong is not enough citizen participation," he said.

Morgan's message for the people of Campbell is, simply, to "work together for the mutual good of all." He noted involvement is very important.

Morgan wrote notes to his children for several months after he was stricken sharing many of his ideas. Today, those thoughts have become part of a book titled, "Messages To My Children" compiled by his wife.

One insert Morgan wrote three years after the stroke reveals the gift he has gained from his ordeal.

"I have learned more in the last three years than in the previous forty years. It may seem odd but by listening and watching I have been able to see."

Prospect plans pilot project

Students at Prospect High School will be able to get extra help in math, social studies, history or other courses this fall under a new program approved by Campbell Union High School District trustees last week.

The program, called Staff Instructional Time Plan, creates an additional period in the school day when all teachers will be available to help students having problems in a course or to give make-up assignments. According to Principal Verdun Romer, this extra period was created by shaving a few minutes off the balance of the six-period school day and will be offered in addition to study center.

The big question for school officials is how many students will make use of the offering. Romer says the staff will evaluate the program quarterly.

In other action last week the school board voted to award the contract to rebuild the business wing of Del Mar High School to Gearhart and Spivey Construction Company for their low bid of $144,500. The school was damaged earlier this year in an arson fire.

The next meeting of high school trustees will be on Tuesday, August 22 at 7:30 p.m. in the district office, 3235 Union ave., San Jose.

Homes needed for 50 youths

Jutta Englemann

Fifty students will be arriving in Santa Clara County next month from foreign lands as part of the Youth for Understanding exchange program and host homes are needed.

Homes in the Campbell and Del Mar High School areas are a particular need, according to Ellen Hanson, local exchange program coordinator.

Among students arriving in this area is Jutta Engelmann, 17, a German girl who'll be coming from a small town on the Rhine. She speaks English very well and is interested in sports and music.

For more information about the program contact Hanson at 252-7789.

NOW ON DISPLAY at Eastridge shopping center through Aug. 5, the "Lunacycle" is a whimsical creation of English artist Rowland Emett. The cycle is intended to be soft landed on the moon, and pedalled around in all directions for exploratory purposes, the artist explains. His works have been described as gentle parodies of the machine age. The Lunacycle is on display daily in the Grand Court.

Olga

A floodgate of emotion bursts for Leo

ARIES (March 21-Apr. 19): Concerning present romantic situation, you know who was the thief. You know who stole the first kiss. Keep this in mind if/when relationship begins to pall. If termination seems best — let it be with gentleness.

TAURUS (Apr. 20-May 20): Don't allow remarks of associate to stifle your blithe spirit, Taurus. You're a bit of a scamp, you know, and others don't always understand you. Before summer melts away, toss your shorts into a flee bag and bug out.

GEMINI (May 21-June 20): Energy may be low, so avoid radical change, keep pace slow and get plenty of hammock time. Problem arises but solution is at the end of your arm. Another Gem wiggles into view and worms way into your heart. Week ends with a glow.

CANCER (June 21-July 22): Negative forces highlighted. Take care of self, little crab, and head for the water where all is serene. You're considered quite a catch, you know, and there are those who would catch you if they could. On last day prepare to have your leg pulled.

LEO (July 23-Aug. 22): Romance highlighted. You may have the time and the inclination, Leo, but be sure other factors are ideal before making any lifetime commitments. On last day floodgate of emotion bursts. Keep hip boots handy.

VIRGO (Aug. 23-Sept. 22): Energy may be low and emotional stress is primary cause. Muddle through week as best you can, Virgo, for what you think of now with concern will soon be forgotten. Well, almost. Really. Now, would the stars kid you Virgo? Hardly.

LIBRA (Sept. 23-Oct. 22): After rather tacky start pace livens. Don't allow moocher to sweet talk you into parting with stash. Casual relationship takes on new dimension. New Moon beckons you, Libra, to consider new beginnings. Why **not.**

SCORPIO (Oct. 23-Nov. 21): Opportunity awaits. You may have to hurdle a few back fences to take advantage, but so what? The grass isn't the only thing that's greener on the other side, Scorp, so is the money. You will understand. Week ends on key of C for credit, cash and confidence.

SAGITTARIUS (Nov. 22-Dec. 21): Gemini crosses path. If you crave adventure, let your trails merge. Listen Saj, you're both mental signs — you blend well together and your yin-yang thing is definitely positive! What more do you want?

CAPRICORN (Dec. 22-Jan. 19): You have the ability to shoulder responsibility, Cap, but that doesn't give others a license to dump on you. Stand firm. A soft heart and hard head are **not** mutually exclusive.

AQUARIUS (Jan. 20-Feb. 18): You love humanity in general, Aquarius, but it would be so nice if you would be more specific. Someone waits patiently to accept your affection. The dance of love isn't a solo, dear heart, it's a duet. Now grab your partner and start steppin'.

PISCES (Feb. 19-Mar. 20): "Too little and too late" is the story of your life, Pisces. Your sense of time (and timing) is your Achilles' heel. Move faster. Put on your Nike Elites and you can pull off a major coup. Now move, doggone you, **move!**

District will sell surplus school books

At the July 18 board meeting, Moreland School District board members authorized superintendent Richard Davis to sell surplus textbooks and library books to another school district, according to Leonard Herbst, assistant superintendent.

All books for sale were originally used at Moreland, Quito, and Strawberry Park elementary schools. These schools have since been closed due to a decline in enrollment.

Also voted on at the meeting was the adoption of a resolution reducing junior high clerical staff by two half-time clerk-typist positions.

Action taken was based upon lack of work due to the enrollment decline.

Board members voted also to authorize entering into a joint powers agreement which will form the Santa Clara County Self Insurance Group for workers' compensation.

By unanimous action the board approved a work study agreement with San Jose state university.

This transmission definitely wasn't 'shot'

Send all mail for this column to P.O. Box 311, Palo Alto, or call 494-1858 for consumer advice.

We have 70,000 miles on our car and the automatic transmission is beginning to act odd. We took the car to a franchised transmission shop and after a one-block test drive the hustle began.

We were told that the transmission was "shot" and would require a $575 rebuild. I can smell a con job a mile away and this one really stank. Needless to say we drove off. The dealer cut the price to $400 before we got out of his lot and turned a bit hostile, which made us suspect him even further.

At this point we contacted Consumers United and were referred to a reputable shop that changed the transmission fluid, adjusted the bands, cleaned the filter and installed one new gasket — all for $30. The transmission is now just perfect. Please print this letter for the information of the public.

E.H. Lutz, Santa Clara

Amen! It's a pleasure to hear from someone that got off the hook. Some unscrupulous franchise shops tell their customers that the transmission will have to be torn down for the sum of $45 to $65. "to establish what is really wrong."

At this point the customer is told that the job won't be more than $200. and the cost of the teardown will be applied toward the job cost. The customer then gets a call informing them that the job will be from $450 to $1100 — as much as the dealer thinks the traffic will bear.

If the customer says NO! — the dealer will drop his price to get the job. Bear in mind, the transmission is spread out on the workbench and the customer is obligated for $65 at this point. If, and only if, a qualified person can be brought in to confirm the dealer's statement of a "shot" transmission, should the dealer be allowed to proceed.

Most transmissions and torque converters can be rebuilt to new condition for a bit less than $400 including labor and a good warranty. Many, if not most automatic transmissions don't need extensive repairs — just maintenance. Some Chrysler product transmissions are stated in the owner's manual as never needing service. This isn't so, and we recommend a service interval of 30,000 miles.

Most automatic transmissions will have a lifespan in excess of 100,000 miles if the factory recommended service intervals are maintained. Check your owner's manual.

We are seeking a good way to make money in real estate and are considering investment in a real estate trust fund. Advise, please.

R.E. Kemper, Los Gatos

Proceed with caution. The State Department of Real Estate has just concluded a case against Red Giant, Inc. in Sherman Oaks, formerly affiliated with Realty World Corp., that resulted in the return of $250,000 to investors. Red Giant illegally used the money for purposes in violation of the law.

Any investment risk factor increases as a function of the promised return on the investment. It's wise to confine your investing to Treasury Bonds, Savings & Loan accounts or invest in single family dwellings in good neighborhoods as rental units that are self administrated and managed as well as being purchased for the right price.

Send a stamped (50¢) self-addressed, 6x10 (or larger) envelope to Consumers United, P.O. Box 311, Palo Alto, Ca. 94302, for your 13 Shell "Answer Books" on the automotive aspects of life. We will include 4 other surprise items. This total package should save you many hundreds and is probably the best investment of a 50¢ stamp that you could ever make.

Contact Consumers United for an earth shaking, eye opening speaker for your group, club or class. Call 494-1858 and leave a message. Don't neglect to leave your phone number — many do and we can't contact you for the arrangements.

NOTICE OF NEW PACIFIC TELEPHONE RATE APPLICATION

The cost of providing telephone service in California has increased substantially. Though this can be attributed to no single cause, the same pressures that have affected the general economy have also affected Pacific Telephone. As a consequence, Pacific Telephone has applied to the California Public Utilities Commission (CPUC) for authority to increase rates for certain telephone services it now provides.

The elements of the application are outlined below:

	Revenue Increase (millions)	Percent Increase
BASIC MONTHLY SERVICE		
Increase residence rates (example: $5.70 to $7.00) for individual flat-rate service in metropolitan area exchanges.	$90.0	21.9
Increase business rates (example: $7.00 to $8.70) for service in metropolitan area exchanges.	47.5	24.7
MESSAGE UNITS		
Change to long distance rates all calls where 3 or 4 message units are now charged for the initial period.	$41.5	21.3
For Lifeline service, increase message unit charge for calls over the 30-unit allowance to 10¢ per unit from 31-40 units, and 15¢ per unit over 40 units.	4.3	2.9
LONG DISTANCE		
Increase Dial Direct daytime rates on calls 26-195 miles distant (and on coin calls 17-270 miles distant), but decrease Dial Direct rates on calls over 270 miles and on shorter-distance nighttime and evening calls. Also, simplify the rate structure so that calls where operator assistance is requested or required would be charged at the regular Dial Direct rate but with a surcharge of $.50 on station calls and $1.50 on person calls.	12.4	1.0
VERIFICATION/INTERRUPTION		
Establish a charge of $.50 for the verification of a busy line condition or for the interruption of a conversation in progress. (No charge if the phone is out of order or on calls to police, fire, and ambulance services.)	10.9	—
SERVICE CONNECTION/ MOVES & CHANGES		
Increase charges for service connections, moves, and changes.	59.5	52.7
EXTENSION AND PREMIUM SETS		
Increase some charges, and restructure rates for Princess, Trimline, and Touch-Tone telephones.	51.8	39.5
MILEAGE CHARGES		
Increase charges for tie line, secretarial line, telephone answering, and PBX extension services.	18.3	32.6
KEY TELEPHONE SERVICE		
Increase certain rates and charges.	93.5	47.5
PRIVATE LINE SERVICE		
Increase local loop and non-recurring charges.	37.7	39.9
EXTENDED AREA SERVICE		
Increase increments in order to retain proportionate relationship with toll.	2.4	34.8
TOTAL	$469.8*	

*Represents a 13.3% increase in total local and toll intrastate revenues.

Kalar red hot at the plate

Armer flips slow pitch gem in Campbell softball loop

SOFTBALL IS supposed to be a hitter's game. But there was a pronounced absence of hitting last Monday night in the Co-ed division of the Campbell adult softball league.

The SMS Barons and Pamco Packers battled through a game that saw only three hits — all three by the victorious Barons.

Barons' pitcher Randy Armer no-hit the Packers, walking no one in his gem.

Rick Sanchez belted a home run to supply Armer with the only run he really needed.

Gene Kalar homered, tripled and doubled to highlight Custom Floors' 19-7 rout of Bearcat Construction.

Charley Griggs and Michael O'Brien also pounded homers for the winners.

Custom Floors also trounced the Barons 16-5 despite home runs by Armer and John Salazar for the Barons.

HOOKER JOHNSON belted a home run and a double to lead a 20-hit Ying Yang attack in a 22-12 romp over Sticks & Stones last week in the men's "B" division.

Jim Phillips homered for the losers while Glen Emerick and Ron Merz both blasted doubles.

Ron Coleman and Dave Salazar both cracked homers to spark the SMS Barons to a 19-7 rout of Steve Peacock.

John Salazar contributed two doubles and a triple to the winning attack while Rich Sanchez chipped in with a double.

The No Names laced 17 hits and stormed to a 15-9 victory over Togo's of Campbell.

Harry Wibeto collected two doubles to pace the No Names' assault while Ken Herrera roped a triple.

Terry McConville alllowed just one hit and walked no one, pitching league leading Killroy to an 11-0 win over the Kamper Kits.

Doubles by Tim Woodside, Walt Moore, Steve Haas and John Harris highlighted the Killroy attack.

In forfeit victories, the Lifers beat Baver Concrete and Steve Peacock also topped Baver Concrete.

IN "C" division action, Mike Gomes smacked a homer and a double to lead the Tonko Blues to a 15-11 win over the Campbell Police Department.

Tim Pierracci doubled and tripled for the winners.

Bob Livengood and Steve Windish both clouted home runs for the Police Department.

Garth Foskett flipped a five-hitter, striking out one, to lift Biggam Enterprises to a 14-2 victory over Noel J. Brown #2.

Foskett, Jeff Gladden and Tony Romano all lashed triples for the winners.

Tom Smith hit two home runs and Gilbert Gonzales, Randy Kuns and Frank Vargas each hit one to spur Kragen Auto to a 20-8 frolic over Noel J. Brown #1.

Matt Smith homered for the losers while Ray West and Dell Douglas both tripled.

Rich Romano ripped a home run and Foskett tossed a seven-hitter, leading Biggam Enterprises to a 9-4 triumph over Noel J. Brown #1.

Doubles by Tim Woodside, Arreola, Don Cole and Kevin Goodman sparked Clossco to an 8-3 win over Bill's Transmission.

Roger Hansen scattered 11 hits to pitch the Ball Busters to an 18-6 victory over Campbell Police.

Irvine hurls Foothill all-star crown

By ANNE BRENNAN

THEY SAY that pitching is 90 per cent of the game and the Foothill Bobby Sox minor all-stars can attest to that fact.

Mainly on the strength of windmiller Michelle Irvine, Foothill defeated West Valley minor all-stars 9-5 in the second of a two game championship playoff to clinch the Campbell Minor All-Star Bobby Sox Tournament title.

The first game went to West Valley 24-4 when Foothill was without the services of Irvine.

Irvine had beaten West Valley 11-10 on the fourth day of tournament action and the West Valley win forced the teams into a third game.

Cindy Richmond was the losing pitcher in the third game.

In the first championship game Donna McCauley picked up the victory allowing four runs on four hits.

McCauley's mound performance was backed up at the plate by Sheliah Brewer, Tish Galloway and Richmond.

Foothill defeated West Valley 5-1 the first time the two teams met, again on the power of Irvine, who fanned five and allowed one run on seven hits.

Richmond, Galloway and Tina Brown all went two for four in that contest for West Valley.

IN OTHER action that day, Campbell lost to Bluehills 8-5 in eight innings. The loss was Campbell's second and retired it from further tournament play.

Karen Irwin hurled the win and Terri Machado took the losing.

Ruth Van Der Beats went two for four and Suzanne Neubauer belted a double for Bluehills.

West Mountain View defeated Moreland 6-5.

The next day West Mountain View met their demise when Blue Hills defeated them 10-9.

Richmond, who was three for four including the game winning RBI, picked up the win. Tish Galloway was five for five and scored twice and Brown was four for five. Brewer scored four runs.

Campbell 'stars win two straight

A PAIR OF superlative pitching performances spurred the Campbell Little League major division all-stars to two tournament victories last week.

Daryl Jones and David Meyer both hurled complete game victories, moving Campbell Little League into the semi-finals of the all-star tourney.

Jones tossed the Campbell Little Leaguers to an 8-3 victory over Tri-Cities in their tournament opener. Meyer then shut-out Cupertino Pacific 5-0.

Moreland Little League also opened its tournament stay with a win, beating Sunnyvale Southern 5-1 on the strength of a one-hitter by Ethan Bessler.

Eric Yamasaki keyed Moreland's 10-hit attack with a homer, two singles and four runs-batted-in.

Gin Vasquez chipped in with two hits and Pete Pavacich roped a run scoring double. Ken Riplinger also doubled.

Moreland was eliminated from further tourney play, however, last Saturday when it lost to Cupertino National 8-2.

Tough loss costs 'Cats tourney title

WHENEVER two pitchers can combine to throw 14 innings of shut-out softball, a team can just about count on making two more deposits in their victory bank.

Well, Sue Kensill and Tracy Ambler combined to toss 14 shut-out innings for the Santa Clara Golden Bobcats recently in the Palo Alto women's fast pitch softball tournament.

But the Bobcats didn't come out of it with two victories — they came out with a loss!

The Bobcats lost a heartbreaking 5-4 decision to Maupin Realty in the PA tourney despite the shut-out pitching of Kensill and Ambler.

Cindy Meyer had started the game for the Bobcats but was touched for four runs in the first two and a third innings. Ambler came on to finish the third and the 'Cats rallied for four in the bottom of the frame to tie it 4-4.

Ambler continued to throw a total of four shut-out frames before giving way to Kensill with one out in the seventh.

Kensill held Maupin at bay for 10 innings before Tina Gillmore broke up the scoreless string with a home run in the 17th inning.

Gillmore's blast snapped the 4-4 tie and gave Maupin the 5-4 win that knocked the Bobcats out of the tournament.

THE BOBCATS outhit Maupin 16-11 in the game. Pam Goldsborough led the losers with a four for eight day and Kim Bowles and Brenda VanAmburg each had three hits. Meyer smacked two hits and Annette Blandford, Pam Reinoehl, Karen Freedman and Kensill each had one. Blandford knocked in two runs and VanAmburg and Meyer each drove in one.

The Bobcats, 24-5 on the season after the PA tournament, opened the double-elimination event with a 4-2 win over the Sacramento Steelers.

Meyer went five and a third innings to get the mound win and Kensill finished up to claim the save.

Goldsborough was three for four and Reinoehl and Bowles were each two for three in the win. Bowles drove in two runs and Meyer laced a two run triple in the first.

The 'Cats suffered their first loss of the tourney against M&R Packing, "one of the best teams in Northern California," according to Bobcat coach Fran Angleson.

Kensill was the loser, despite giving up just seven hits. Blandford drilled a two run triple in the sixth and Bowles and Meyer each belted run scoring singles. VanAmburg and Trinae Vera also singled in the Bobcat loss.

Colt 'stars dealt heartbreaking loss

By CHUCK HILDERBRAND

THE CAMPBELL Moreland Colt League all-star team, with virtually all of the key players back from last year's entry, figured to be the favorite entering this week's Regional tournament at Santa Clara's Washington Park.

However, their first opponent, San Francisco, was unimpressed by the CM credentials and dealt the locals a disheartening 1-0, eight inning defeat Sunday.

As a result, CM had the unenviable task of fighting back through the losers bracket of the eight team, double elimination tourney, which concludes Sunday.

Joe Jones, who earlier in the week hurled his regular season team, the Royals, to the league championship, fired a five-hit shut-out over seven innings against San Francisco.

But his mound adversary matched him with a three-hitter of his own, and the San Franciscans broke up the scoreless duel in the bottom of the eighth against Jeff Melrose.

Campbell Moreland mounted only one serious threat against San Francisco. In the fifth, Vince Ginestra singled, stole second and advanced to third on an infield out. He held third as Greg Takaki legged out an infield hit and Takaki then swiped second.

CM was thwarted when the next two hitters grounded out routinely.

THE LOSERS managed only three hits on the day, with Takaki getting two of them and Ginestra the third. Ginestra also turned in two outstanding defensive plays at third.

The winner of the regional tourney advances to the sectionals in Sacramento next week.

Earlier in the week, an 11-2 Royals victory over Cambrian coupled with the Padres' 6-5 triumph over the second place Astros in the completion of a suspended game handed the league crown to the Royals for the second straight year.

The Padres and Royals picked up their game in the ninth inning, tied 5-5. Pitchers Tim Fleury of the winners and Dave Erkman kept it that way until the 14th, when Mike Healy chopped a bases loaded single through a drawn-in infield to secure the Padre win.

Jones, who came on in relief in the first inning against Cambrian, tossed five-hit balls over six and one-third innings to ice the title for the Royals.

An eight run seventh inning broke open a close encounter for the Royals, who completed their season with a 17-4 record compared to the Astros' 16-5. Takaki and Chris Alcocer each stroked two hits during the uprising.

Jones compiled a .495 batting average to lead the team, followed by Ginestra (.406) and Takaki (.352). Jones was 9-1 on the mound and Rick Farrell was 7-1.

MEMBERS OF the all-star team include Jones, Takaki, Ginestra and Farrell of the Royals; Brian Raust, Erkman, Jim Diaz, Chris Johnson and Dave Souza of the Astros; Mitch Morris, Melrose and Eric Feick of the Expos; and John Walsh, Fleury and Dean Bacho of the Padres. Ray Jones is manager, Jim Farrell is his coach and Ed Mangan is business manager.

The CM Pony 'B' all-star team is entered in the District 3 tournament at Fisher School in Los Gatos this week.

If manager Bill Walsh's club wins that affair, it moves on to the sectionals at Vierra Field in Santa Clara. Should it prevail in that tourney as well, it will return to the regionals at Campbell's John D. Morgan Park.3

The 'A' team is seeded into the regional, which will begin August 8.

The 'B' team posted two wins over Santa Teresa in exhibition games and lost only to the 'A' team during a brief practice slate.

Meanwhile, the A's blanked Watsonville 4-0 in a tune-up outing Sunday. Bob Straight and Paul Sargis turned in impressive hill stints.

Trio tied for division in DiMaggio league

A SURPRISING Overfelt loss and a just-as-surprising Mt. Pleasant victory last week created a logjam in the PAL-Joe DiMaggio American division.

With only three games remaining for each team, Overfelt, Mt. Pleasant and Independence are tied for first place with 6-2 records.

To make matters messier, Samuel Ayer is only one game behind with a 5-3 mark.

Overfelt suffered an 8-4 setback to National leader Del Mar (7-0), while Mt. Pleasant stunned Yerba Buena 9-5.

Kirk Yokoyama and Robert Trujillo both tripled to key a four-run Overfelt first inning, but Del Mar evened the score with three runs in the second and another in the third.

DM won the game with four runs in the fifth. Larry Terronez' two-run homer was the big blow of the inning.

Sean Kefauver was the winning pitcher.

MEANWHILE, MP jumped out to a 6-0 lead in the first two innings. That lead evaporated to 6-5 before Mt. Pleasant scored three more in the last two frames.

Steve Faughnan was the winning pitcher but needed relief help from Randy Miller.

Sal Garcia, Carl Reichardt and Jerry Payne all had two hits for MP.

Kenny Williams and Robbie Rocha added two-run singles.

Joe Pianetta, Tony Huizar and losing pitcher Jimmy Rodriguez all had two hits for YB. Ned McIver had a two-run double.

Mt. Pleasant was coming off a 6-2 win over James Lick.

Randy Rocha tossed a one-hitter while Payne and Garcia led the offense. Payne had two hits and three RBI's and Garcia doubled and tripled.
